There are 4 parts for you to put and embed SWF picture slideshows on to Wordpress blog.

Part 1. create or make free SWF Flash file image gallery slideshows.

Part2. Upload and put the Photo album slide shows into SkyAlbum.com

Part 3. Get the slide show code and copy it

Part 4. Paste the code into your Wordpress post to insert and embed SWF flash file gallery slide shows

Part1. How to create or make your free Picture gallery flash slide shows with the best widget

It is simple for you to create or make your image flash slide show via the best plugin. You just need to import images, set transition effects, pick a dynamic flash template, import background music and publish slide shows. (Learn [how to create and make SWF Flash file Photo Slideshow](#))

Part2. How to upload and put slide shows on to SkyAlbum.com

On the Publish window, you choose "Create Flash file and Upload to SkyAlbum.com" to create image slideshows and upload it into Skyalbum.com. After you upload the Flash gallery slide show into SkyAlbum.com, you can get the code.

Part 3. How to get your slide show code and copy it

Embed: `<object width="800" height="600"><param name="movie" value="http://www2.skyalbum.com/album2/2009/200910/20091016/socubeliveg/4b2aa6df3b0/christmas_decoration.swf?fs_path=http://www2.skyalbum.com/album2/2009/200910/20091016/socubeliveg/4b2aa6df3b0"></param><param name="wmode" value="transparent"></param></object>`

SWF URL: `http://www2.skyalbum.com/album2/2009/200910/20091016/socubeliveg/4b2aa6df3b0/christmas_decoration.swf?fs_path=http://www2.skyalbum.com/album2/2009/200910/20091016/socubeliveg/4b2aa6df3b0`

Post Myspace

Share Your Content With Millions of MySpace Users

Step 1: Copy the code below relevant to your HTML implementation

```
<object width="800"
height="600"><param
name="movie"
value="http://www2.skyalbum.co
m/album2/2009/200910/20091016/
socubeliveg/4b2aa6df3b0/christ
mas_decoration.swf?
fs_path=http://www2.skyalbum.c
om/album2/2009/200910/20091016
/socubeliveg/4b2aa6df3b0"></pa
ram><param name="wmode"
```

After you upload the creative picture slide shows to Skyalbum, you will be led to the slideshow page automatically. In the opened page, you will see the SWF file gallery slide show lists and the code. You can get the code from "Embed" or "Post MySpace" .

(**Note:** before you upload, you need to register an account)

Part4. How to insert the code and embed Picture gallery slide shows into your Wordpress Blog post?

After you get the slide show code, please copy and paste it into your Wordpress post. This simple code will help you insert and embed your slide shows into your post. When you the post, you will see that your gallery slideshows are inserted and embedded into the post. After you publish your post, your SWF file image gallery slide shows will be inserted and embed into your Wordpress blog finally.
